Thank you for completing the beta version of Exam DP-300-ENU.

What are the next steps?

Results for beta exams should be visible on your Microsoft transcript (if you've received a passing score) and on the VUE site within two weeks after the exam's live publication date. You should receive your printed score report by mail within eight weeks after the exam's live publication date. This date can be found on the Exam Details page.

Whom should I contact if I have questions concerning beta exam results?

If you do not receive your printed score report within eight weeks of the exam's live publication date, contact VUE for more information on when your results will be processed. If you have questions about your transcript, contact your Microsoft Regional Service Center (<http://www.microsoft.com/learning/en/us/help.aspx>).
